1. This four-year plan and the flowchart are only a guide. For more detailed information, including prerequisites and co-requisites see the ISU catalog: <http://catalog.iastate.edu/>. Course and term offerings subject to change.
2. Check the Software Engineering (SE) and Supplementary Electives lists at <http://www.se.iastate.edu/academics>.
3. Lab and lecture must be passed in the same semester to receive credit for Computer Engineering (CPrE) courses.
4. Students who take the four credit hour courses CPR E 288, 308 and 381 can use the extra 1 credit per course towards the Supplementary Elective requirement.
5. College of Engineering requires two years of a single world language in high school or two semesters of college in a single world language.
6. Iowa State undergraduate students must fulfill graduation requirements in two areas: U.S. Diversity and International Perspectives. Both require three credits of course work.
7. Engineering Basic Program - A minimum GPA of 2.00 is required for this set of courses, including any transfer courses but transfer course grades will not be calculated into the Engineering Basic Program GPA.
8. Software Engineering Core Curriculum - A minimum GPA of 2.00 is required for this set of courses, including any transfer courses but transfer course grades will not be calculated into the Software Engineering Core Curriculum GPA.
9. Check the General Education Requirements at <http://www.se.iastate.edu/academics>.
10. For general information about the Software Engineering Program check out our website at <http://www.se.iastate.edu/>.
